

October 2011 Sports Teams Newsletter Institute of Human Performance The University of Hong Kong

The 'Fresh' Sports Scholars

Sports Scholars have been on the HKU scene since 1995, and throughout these years, many outstanding athletes have benefitted from this program. This year, we have admitted a total of 21 sports scholars, 9 from JUPAS, 10 from NON-JUPAS, and 2 from EAS.

On 8-9, August, 2011, IHP organized an Orientation camp in Sai Kung, where the Sports Scholars took part in different activities, not only to get to know each other but also enhanced their leadership and cooperation skills.

We wish them all the best in their freshmen year and hope they can strike a balance between academics and sports.
