

Certiport Names 2024 Microsoft Office Specialist World Champions

July 31, 2024

[CERTIPOINT UPDATES MICROSOFT OFFICE SPECIALIST](#)

The winners of the 2024 Microsoft Office Specialist (MOS) World Championship have been announced by Certiport, a Pearson VUE business, the leading provider of performance-based IT certification exams that accelerate academic and career opportunities for learners.

Now in its 22nd year, the annual competition challenges students from ages 13 through 22 around the world to prove their skills in Microsoft Word, Excel®, and PowerPoint®.

To enter, students completed a qualifying MOS certification exam to demonstrate their mastery of Microsoft Office technology. Regional competitions were held worldwide, and 148 finalists qualified to compete in the final round of competition held in Anaheim, California, from July 28 – 31, 2024.

The 2024 MOS World Champions are:

- Sixth place: Rodrigo Perez, Peru
- Seventh place: Kai Yin Kwan, Hong Kong, China
- Eighth place: Sebastian Martinez Santos, Argentina
- Ninth place: Xander Roldan, Puerto Rico
- Tenth place: Naomi Gabriela Toledo Morales, Guatemala

In the concluding round, competitors participated in an exam that tested their knowledge, application skills, and creative talents. For the second consecutive year, finalists were required to complete a free-form project. This year's challenge asked competitors to create an informational document for the non-profit client Mentors International.

"We are honored to be a part of the Microsoft Office Specialist World Competition," said James Oakes, Director of Product at Mentors International. "This event not only highlights the talents and dedication of the student competitors but also allows us to connect with like-minded individuals and organizations that share our mission to inspire positive change worldwide. Through mentoring, job-focused training courses, and micro-lending, we aim to transform the cycle of poverty into a lineage of success."

At the final event in California, Certiport and Microsoft recognized the top student competitors during the MOS World Championship Awards Ceremony and presented each first-place winner with an \$8,000 cash prize. The second and third-place honorees received \$4,000 and \$2,000, respectively.

"This event marks 22 years since the Microsoft Office Specialist competition began in 2002. We are exceptionally proud of what we have managed to achieve, through our partners around

the world, in providing young people with a platform such as this to learn, compete, and gain valuable skills that will help them in their future careers,” said Craig Bushman, General Manager, Certiport.

MOS is the only official Microsoft-recognized certification program for Microsoft Office globally and serves as a powerful instrument for assessing learners’ skills and preparing them for real-world application of their knowledge.

“For more than two decades, the Microsoft Office Specialist World Championship has recognized top students using Microsoft Office around the globe. These students are passionate and dedicated learners who have the skills and competitive drive to succeed in anything they do. At Microsoft, we know this experience will prepare students to demonstrate valuable digital skills in a real-world work environment,” said Kate Maxwell, General Manager Worldwide Education Industry at Microsoft.

Certiport will host the 2025 MOS World Championship in Orlando, Florida, from July 27-30, 2025. Learn more about the MOS World Championship [here](#).
